

# LaserRed

With an email account with Laser Red Ltd, you can still check your mail away from your main computer. Anywhere you have access to the Internet, just log in to:

<http://webmail.eliteukserve.net>

You will be presented with a view as below:

You will be asked to input your **Username**, **Password** and **POP3 Server** details.

This will be in the form of the following for example, for Laser Red Ltd, the website is [www.laser-red.com](http://www.laser-red.com), and then the Server would be pop3.laser-red.com

The POP3 Server is always your domain name, without the www, but replaced with the POP3.

Within this Webmail Facility you can manage your emails, read, reply, create, save and delete as you wish. You can also Manage Contacts, Manage Folders, it is quite comprehensive.

Any questions, just ask on 01472 852522
